A Bengaluru travel management company trusted since 2015 – planning and managing corporate, group and leisure travel across India and the world, end to end.

ABOUT OYSTER HOLIDAYS INDIA

A dependable travel partner, based in Bengaluru since 2015

Oyster Holidays India is a Bengaluru travel management company, established in 2015. For a decade we have managed travel for companies, teams and families across India and the world – and we have grown almost entirely on repeat business and referrals.

For our corporate clients, we run business travel end to end: flights and hotels at negotiated rates, ground transport, business visas, forex and travel insurance, and the offsites, conferences and incentive trips that bring teams together. Everything goes through one accountable desk, with GST-compliant invoicing and a single point of contact.

We are deliberately a people-first agency, not a self-service portal. There is no software for your team to learn – just a dependable local team reachable by phone, email or WhatsApp, and on call around the clock when your colleagues are travelling.

A NOTE FROM OUR FOUNDER

“
We built Oyster Holidays on a simple idea: travel should be handled by people who care about the details and stand behind every booking. A decade on, companies and families have stayed with us because we treat their travel as our responsibility – not just a transaction. That is a promise I make to every client we take on.

WHY COMPANIES CHOOSE US

What you get with Oyster Holidays

1

A decade of getting it right

Ten years managing corporate and group travel from Bangalore — most of our clients came by referral and have stayed for years.

2

One team that owns your account

A dedicated relationship manager who knows your travellers and policies, with quick turnaround and after-hours help when colleagues are on the move.

3

Billing your finance team will thank you for

Clear, itemised quotes with no hidden charges, proper GST tax invoices and consolidated monthly statements that reconcile cleanly.

4

We book to your travel policy

Class of travel, budget caps and approval rules are respected on every booking — and anything outside policy is flagged before we confirm.

5

Better rates where it counts

Negotiated corporate airfares and hotel rates, with options compared so you see the value on every itinerary.

6

People who actually pick up

A local Bangalore team on phone, email or WhatsApp — no portal to learn, no ticket queue, just someone accountable when you need them.
